Thomas Heinen

Midwest Finesse Fishing

My passion for fishing started ever since I can remember. I started fishing competitively at the age of eight. Every year I spend countless hours helping the youth, giving seminars, and teaching youth about the importance of the great outdoors.

Four years ago in the winter of 2018, I started a bass fishing team at Washburn University and fished collegiately. My goal was to help grow the sport of bass fishing. I then found a job with one of my sponsors and am currently still working for them at K-Guard Leaf Free Gutter Systems.
